### **SUMMARY**

The Five-day Short Term Course (STC) on AI/ML and Data Science for Industry 4.0, organized in collaboration with NITTTR, Chandigarh, was successfully conducted from August 21 to 25, 2023. The main objective of this STC was to equip faculty members with the necessary knowledge and skills to design curriculums that focus on learning outcomes, fostering student-centric education, and ensuring better employability and overall educational quality. A total of 30 participants from our college attended this FDP.

The Five-day STC on AI/ML and Data Science for Industry 4.0, in collaboration with NITTTR Chandigarh, proved to be a valuable learning experience for the participating educators. It aimed to empower them with the necessary knowledge and skills to develop curriculums that align with the evolving needs of education and equip students with the competencies required for their professional and personal growth.

Dr. Rajesh Prasad and Dr. Anuradha Taluja were the main program coordinators for this FDP.

### **Report of 5-day FDP ‘Cloud Computing: A Hands on Approach with AWS Cloud’ during 29/01/2024 to 02/02/2024 in collaboration with NITTTR**

Department of CSE-AIML & CSE-DS has successfully conducted a 5-day Faculty Development Program (FDP) on “Cloud Computing: A Hands-on Approach with AWS Cloud” during 29/01/2024 to 02/02/2024 in collaboration with NITTTR, Chandigarh.

The active engagement of 74 participants and contributions from Dr. Mala Kalra (NITTTR Chandigarh), Dr. Anu Chaudhary (HOD CSE), and local coordinators Dr. Avdhesh Gupta, Mr. Samendra Singh significantly contributed to the program's success. Total seventy-four (74) participants have registered for this FDP out of which 19 participants from various other colleges. This FDP was sponsored by AICTE and all certificates will be provided by NITTTR.

The course was conducted in three sessions and all participants enriched their knowledge by sessions eminent speakers of the FDP. All sessions have been taken by resource persons of NITTTR in online mode. This achievement aimed at fostering both professional and personal growth among faculty members through this practical based FDP. The program prioritized implementation of AWS cloud and its practical aspects in today’s scenarios.

The speakers of the sessions elaborated the topics from beginning to advanced level and showcased the application of the concepts using python programming. FDP was concluded on 02 February 2024 by sharing of feedback and discussion from all participants.

Submitted for your kind perusal and approval to publish FDP report and photograms on the college website and social media.

**Proposal to conduct FDPs in online mode**

Date: 11<sup>th</sup> December 2023

Department of Computer Science Engineering is planning to conduct the two online FDP (5 days each) in collaboration with **NITTTR Chandigarh** during Jan-Feb 2024. To conduct these courses, our college will be treated as **remote center** by NITTTR, Chandigarh. All the sessions will be taken by the resource persons arranged by NITTTR, Chandigarh.

SNo	Title of STC	Dates	Time	Coordinator	Co-coordinator
1	Complex Networks Analysis using Python	15 Jan - 19 Jan, 2024	9:30 AM - 3:30 PM	Dr. Shashank Saha	Dr. Santosh Upadhyay
2	Cloud Computing: A Hands-on Approach with AWS Cloud	29 Jan - 02 Feb 2024	9:30 AM - 3:30 PM	Dr. Avdhesh Gupta	Mr. Sumendra Singh

These courses are very important for faculty members as these courses are based on current emerging areas for research purpose. Faculty members can join any FDP of their choice. Participant has to register with fees of Rs 118/- while selecting our college (Ajay Kumar Garg Engineering College) as Remote Centre on (NITTTR FDP Portal) to attend the course.

As per NITTTR norms, honorarium for local arrangements of Rs. 2500 + 10% TDS to local coordinator and Rs. 1500 to supporting lab staff will be paid by NITTTR Chandigarh.

All sessions should be conducted in a lab with network & multimedia equipped.

Certificates to the FDP participants will be issued by NITTTR Chandigarh.

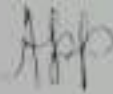

**Following may be approved:**

1. To conduct above two mentioned ICT based online short-term courses in collaboration with NITTTR Chandigarh. (As remote centre)

## Empowering Women in Cyber security

A talk on "Empowering Women in Cyber security: Bridging the Gender Gap for a Safer Digital World" was organized by the Department of Computer Science and Engineering in collaboration with the ACM student chapter on April 8 2024, for 2nd year CSE female students.

The seminar was conducted by Prof (Dr.) Manju Khari, a Professor in the School of Computer and Systems Sciences at Jawaharlal Nehru University in New Delhi, India. Dr. Khari's expertise is not limited to academia, as she is also a highly valued member and research consultant of several noteworthy projects in collaboration with prominent institutions such as AIMS, the Department of Biotechnology (DBT), DST, and the CSIR-NPL under the Ministry of Consumer and Legal Affairs in India.

A total of 110 students participated in the workshop on April 8, 2024, and explored various dimensions of cyber security. The workshop aimed to help students understand security features in the cyber world, including authentication, authorization, and integrity. Additionally, it addressed challenges with digital devices, communication, and protocols. The seminar also focused on the role of women in cyber security and discussed present and future challenges in the field. The coordinators of the workshop were Dr. Sonam Gupta, Dr. Anuradha Taluja and Mr. Pradeep Gupta.

## Intellectual Property Rights (IPR)

One day workshop on “Intellectual Property Rights (IPR)” funded by CSTUP, Lucknow was organized by Department of Computer Science and Engineering on 24 February, 2024. The fund given to conduct the workshop was Rs. 80,000. The fund was given to AKGEC in the name of Dr. Sonam Gupta as the main coordinator. The workshop aimed to educate participants about the importance of IPR in fostering innovation, protecting inventions, and promoting economic growth.

Below is the list of speakers from various domains:

S. No.	Name	Designation	Organization
1.	Mr. Roshan Agarwal	CEO	Siddhast Intellectual Property innovation private limited, New Delhi and General Secretary, Swadeshi Science movement of India
2.	Mr. Gaurav Gupta	Manager	Ciena Corporation, Gurgaon
3.	Mr. Himanshu Sharma	Manager	Sagacious Research Pvt Ltd, Gurgaon
4.	Dr. Ruchika Gupta	Dean Management	MIMT, Greater Noida
5.	Adv.Devesh Agarwal	Advocate	LawsPras, Jhanshi

The workshop consisted of several informative sessions conducted by experts in the field of IPR. The sessions covered the following topics:

**Introduction to IPR:** This session provided an overview of different forms of IPR and their significance in the modern economy.

**Filing of Patents:** The session on patents focused on the process of obtaining a patent, the requirements for patentability, and the rights conferred by a patent.

**Trademarks and Copyrights:** These sessions discussed the importance of trademarks and copyrights in branding and creative industries, respectively.

  
Director  
Ajay Kumar Garg Engg. College  
Ghaziabad

**Enforcement of IPR:** This session highlighted the importance of enforcing IPR and the legal mechanisms available for protecting IPR.

**Case Studies:** The workshop included several case studies to illustrate real-life examples of IPR issues and their resolution.

Dr. Sonam Gupta (Associate Professor), Dr. Anuradha Taluja (Associate Professor), Mr. Pradeep Gupta (Assistant Professor), Mr. Anuj Kumar (Assistant Professor) and Mr. Sachin Jain (Assistant Professor) were the coordinators for this workshop.

152 participants participated in the workshop. Overall, this workshop was a beneficial and knowledgeable experience for all the participants.

Dear Sir/Madam,

Greetings for the day!

With reference to your email on date 20/12/2023, I would like to request to **depute Mr.B.N.Pandey as LPC-2**, as LPC Dr. Parul Verma will be busy in other UHV Workshop therefore she will not be fully available during 01-03 January 24.

In the absence of Dr. Parul Verma (LPC), Mr. B.N. Pandey can take full responsibility as LPC for the introductory UHV-FDP (01-03 Jan 24). He has already done UHV-III FDP. It's a humble request to depute Mr B N Pandey as LPC-2 for the mentioned FDP.

Thank you for your kind consideration.

At the outset, we would like to thank you for expressing your willingness to host face-to-face (Self-funded) FDP on Universal Human Values at your Institution.

**AICTE is pleased to approve this proposal.**

Besides preparing faculty for teaching UHV-I (part of 3 weeks Mandatory SIP) & UHV-II (3 weeks compulsory course as per Model Curriculum of AICTE); one of the core goals of

  
Director  
Ajay Kumar Garg Engg. College  
Ghaziabad

facilitate the development of a conducive environment toward **Holistic, Values based Education (HVBE)** at your Institution, and this conducive environment will eventually help prepare the next generation of competent students/citizens.

The points for the smooth conduct of the FDP are enumerated here:

- The number of participants should not be less than 50 and not more than 100.
- This FDP will primarily be a non-residential FDP except a few outside participants (between 10-20) which may need to be accommodated/ provided tea/food as per schedule as part of the extended responsibility/courtesy.
- Along with faculty of your institution, the Director/ Principal and other senior officials are also expected to participate in this FDP.

### Report of the UHV Monthly Session held on Date 25/01/24

- **Name of Topic:** Basic Human Aspirations and It's Fulfillment
  - **Date of the session:** 25Jan 2024
  - **Name of facilitator:** Dr. Jaishree Jain
  - **Number of FMs attended the session:**58
  - **Summary of the discussion held:**
  - The discussion started with a proposal that “Basic desire of human being to facilitate the development of the competence to live with Definite Human Conduct”. During the discussion, everyone agreed that the present thinking of human being has failed to achieve its objective, so we need to reform our role immediately and also need to keep the emphasis on value education along with skill-based education For this, the education-sanskar has to ensure:
    - Right understanding in the self of every human being
    - The capacity to live in relationship with the other human beings
    - The capacity to identify the need of physical facility and the skills & practice for sustainable production of more than what is required leading to the feeling of prosperity
- With the clarity of the above 3 components of human education-sanskar, development of definite human conduct can be ensured.
- To achieve this Parents, teachers & society/environment have to bear the responsibility of providing such education-sanskar
- **Number of practical questions raised by the participants during the session-**15 Satisfactory responses build their confidence for its implications in their lives.

**Dr. Jaishree Jain**

- HOD's Final Remarks, including suggestions (if any) to make the session more meaningful and interactive:

## Report On

### 3-Day Intensive workshop on "Unleash the New Age Educator in YOU!"

Held from 6<sup>th</sup> June 2024 (Thursday) to 8<sup>th</sup> June 2024 (Saturday)  
Venue - Main Seminar Hall

The "Unleash the New Age Educator in YOU!" workshop held from 6-8th June 2024 was a transformative experience for the 53 faculty members who participated. Led by the expert - Mr. Varun Chamadiya, Founder and Chief Educator at Proactive 'I' (an education and innovation company), the workshop focused on revolutionizing teaching methodologies by enhancing focus, creativity, and student engagement.

Throughout the workshop, Mr. Varun shared various techniques to spark students' curiosity and create exciting learning experiences. Faculty participants explored different ways to bring more energy, enthusiasm, and fun into traditional classrooms, helping them become more effective and engaging. He engaged faculty members in breakout sessions that fostered collaboration and brainstorming on curriculum design and assessment approaches. Activity based sessions provided hands-on guidance for developing personalized teaching strategies tailored to meet the diverse needs of students.

Mr. Varun emphasized on several key teaching strategies and concepts that included:

1. **Mind Mapping:** This is a visual technique for organizing information hierarchically, starting from a central idea with branches leading to related subtopics. It helps in structuring thoughts and ideas effectively.
2. **Flow of Energy:** He discussed the concept that the energy tends to follow the path of least resistance. In teaching, this metaphorically refers to the optimal flow of learning and engagement when teaching methods are well-structured and engaging.
3. **Developing Cortical Skills:** This refers to enhancing cognitive skills associated with the cerebral cortex, which is responsible for higher-level functions such as reasoning, problem-solving, and learning. This indicates a focus on developing critical thinking and analytical skills in students.
4. **Using Hooks in Teaching:** Varun emphasized the use of hooks to capture students' attention and foster curiosity right from the beginning of a lesson. Hooks are engaging elements or strategies that draw students into the topic, making learning more meaningful and stimulating.

These principles suggested an approach to teaching that values visual organization, engaging teaching methods, and the development of cognitive skills crucial for effective learning and understanding.

A key highlight of the workshop was the reflection session, where participants set goals for integrating newly learned techniques into their teaching practices.

Certificates were awarded to 52 participants, recognizing their active involvement and completion of the workshop sessions.

Moving forward, participants were encouraged to continue their professional development journey by implementing the strategies and techniques learned. Follow-up sessions and online resources will be provided to support ongoing learning and implementation.

Overall, the workshop was deemed a resounding success, equipping college teachers with the necessary knowledge, skills, and inspiration to thrive in the digital age of education. It underscored the importance of continuous learning and adaptation in enhancing teaching effectiveness and student engagement.
